

## FEBS "Science and Society"

### "HEALTHY MICROBIOME, HEALTHY HOST?"

TITLE OF THE ACTIVITY: ALLERGY AND MICROBIOME, A BIDIRECTIONAL INFLUENCE.

DATE: 23 May 2019

PLACE: San Pablo CEU University, Moncloa Campus (Avda. Julian Romea, 23)

STRUCTURE OF THE ACTIVITY:

**17:30h-17:45h Welcome and Introduction.**

Dr. Tomás Chivato Pérez (Dean of School of Medicine, San Pablo CEU University)

Dra. Isabel Varela Nieto (President elect of SEBBM and member of FEBS Science and Society Committee) *Introduction to FEBS and FEBS Network*

**17:45h-20:00h Round Table speakers.**

1. Dr. Domingo Barber (Head of IMMA. School of Medicine, San Pablo CEU University)  
***Main allergic diseases, prevalence and severity***
2. Dra. Maria Jose Torres (Head of Allergy Service at Hospital Civil Malaga. Coordinator RETIC ARADYAL)  
***The increasing Epidemy of Allergy. The importance of collaborative research***
3. Dra. Pilar Francino (Head of Genomic and Health Department at FISABIO-Valencia)  
***Health and Microbiome***

**18:45h-19:00h Break.**

4. Dra. Maria Escribese (School of Medicine, San Pablo CEU University)  
***Omic integration in Allergy Research and Microbiome influence***
5. Dra. Marina Pérez Gordo (School of Medicine, San Pablo CEU University), Dra. Alma Villaseñor (CEMBIO-School of Pharmacy, San Pablo CEU University) and Elisa Zubeldia (Predoctoral Student, School of Medicine, San Pablo CEU University)  
***Practical Aspects. How to develop a scientific project in Microbiota***

**20:00h-20:30h Open discussion and questions by the public.**
